## 2016 - 2017 NBPME Officers

Mary Jones Johnson, DPM, President
Kathleen M. Pyatak-Hugar, DPM, FACFAS, Vice President
Alyssa Kay Stephenson, DPM, Secretary/Treasurer

## Members of the Board

Judy A. Beto, PhD (Kirkland, WA)
Kirk M. Contento, DPM (Oak Lawn, IL)
Gregory F. Davies, DPM, FACFAS (Woodbury, NY)
Robert Eckles, DPM, MPH (New Paltz, NY)
Jaime J. Escalona, DPM (San Juan, PR)
Jonathan A. Haber, DPM (Caldwell, NJ)
Mary Jones Johnson, DPM (Tulsa, OK)
Michael LaPan, DPM (Sidney, MT)
Paul Naylor, PhD (Durham, NC)
Kathleen M. Pyatak-Hugar, DPM, FACFAS (Louisville, KY)
Roland Ramdass, DPM (Winchester, VA)
Vivian S. Rodes, DPM (Lexington, KY)
Alyssa Kay Stephenson, DPM (Fond du Lac, WI)

## Liaisons

Allan M. Boike, DPM, Dean, Dean Liaison (Independence, OH)
Leslie Campbell, DPM, APMA Liaison (Allen, TX)
Christopher Girgis, APMSA Liaison (Western Springs, IL)

## Staff

Philip I. Park, Executive Director
Ellen Veruete, Administrative Assistant

# Introduction

## **NBPME Overview**

The National Board of Podiatric Medical Examiners (NBPME) is a nonprofit corporation established in 1956.

The National Board of Podiatric Medical Examiners (NBPME) offers the American Podiatric Medical Licensing Examinations (APMLE), which are qualifying examinations currently recognized or utilized by legal agencies governing the practice of podiatric medicine in the states, provinces, and federal agencies listed in this Bulletin on page 13. Legal agencies may, at their discretion, grant successful candidates a license to practice podiatric medicine without further written examination.

The National Board organization consists of 13 members and includes two members nominated by the Federation of Podiatric Medical Boards; an educator at one of the Colleges of Podiatric Medicine; one member who has had professional experience in statistics and test development; one member representing the consuming public; three individuals from state licensing boards; a podiatric physician currently in practice; and four individuals with experience: on the Council on Podiatric Medical Education, on the Council of Teaching Hospitals, as a member of a Specialty Board, and as a Director of a Podiatric Medical Residency Program. A member of the Board of Trustees of the American Podiatric Medical Association, a representative from the American Association of Colleges of Podiatric Medicine (AACPM), and a representative from the American Podiatric Medical Students Association (APMSA) serve in a liaison capacity with the Board.

The NBPME has contracted with Prometric Inc. to conduct its American Podiatric Medical Licensing Exam (APMLE) program for the Part I, Part II written, and Part III examinations.

The NBPME has contracted with the National Board of Osteopathic Medical Examiners® (NBOME®) to conduct its American Podiatric Medical Licensing Examination (APMLE) program for the Part II Clinical Skills Patient Encounter (Part II CSPE) starting in 2016.

## **At a Glance**

This bulletin is intended to serve as a helpful guide for candidates taking the Part II examinations. The steps below summarize that process.

### **To take the Part II examination**

- 1** Review this bulletin thoroughly to familiarize yourself with the examination process.
- 2** Visit <https://www.prometric.com/NBPME> to create an online account and register for your examination (see page 18).
- 3** Once your registration is approved, you will receive an Authorization to Test (ATT) email notification and must then log back in to your online account to schedule an appointment and pay to take your exam (see page 18).
- 4** Prepare for your exam, using this Bulletin and other materials.

The content outlines in this Bulletin are the basis for the exams (see page 16).

- 5 Take the scheduled exam, bringing required identification to the test center (see page 8).
- 6 You will receive your exam results from Prometric approximately three weeks after taking the exam (see page 12.)

### ***To get answers not provided in this bulletin***

If you read this Bulletin and have further questions about the registration process, fees, test centers, Authorization to Test form or score reports, you may contact:

**Prometric/NBPME**

7941 Corporate Drive

Nottingham, MD 21236

Phone: 877.302.8952

Website at [www.prometric.com/nbpme](http://www.prometric.com/nbpme)

## ***Examination Overview***

### ***Exam Descriptions***

The National Board of Podiatric Medical Examiners (NBPME) offers the American Podiatric Medical Licensing Exams (APMLE), which are written qualifying exams currently recognized or utilized by legal agencies governing the practice of podiatric medicine in the states, provinces, and federal agencies listed in this Bulletin beginning on page 13. Legal agencies may, at their discretion, grant successful candidates a license to practice podiatric medicine without further written examination.

The American Podiatric Medical Licensing Examination (APMLE) consists of four components: Part I, Part II written, Part II CSPE and Part III. The written exams are designed to assess knowledge of basic sciences, clinical sciences and clinical decision making, and the Part II CSPE assesses communication and diagnostic skills in a clinical setting.

The **Part I examination** samples the candidate's knowledge in the basic science areas of General Anatomy, including embryology, histology, genetics, and geriatrics; Lower Extremity Anatomy; Biochemistry; Physiology; Microbiology and Immunology; Pathology; and Pharmacology.

The **Part II written examination** samples the candidate's knowledge in the clinical areas of Medicine; Radiology; Orthopedics, Biomechanics and Sports Medicine; Anesthesia and Surgery; and Community Health, Jurisprudence, and Research. A separate Candidate Information Bulletin for the Part II CSPE exam is available online at [www.apmle.org](http://www.apmle.org). Performance on the Part II written examination does not impact eligibility for the Part II CSPE.

The **Part II Clinical Skills Patient Encounter** (Part II CSPE) assesses proficiency in podiatric clinical communication tasks. Candidates will be expected to perform a focused physical examination including podiatric and general medicine physical exam maneuvers appropriate for each patient presentation. Podiatric and general medical knowledge, verbal and written communication, and interpersonal skills will

be assessed in each exam form. Performance on the Part II CSPE does not impact eligibility for the Part II written examination.

The **Part III examination** samples the candidate's clinical skills in evaluating, diagnosing and treating patients. Examples of the application of knowledge may be measured through photographs, radiographs and case presentations. Part III is the final step in the APMLE examination process, and successful completion of all Parts are required to adequately demonstrate the ability to practice podiatric medicine with skill and safety in an unsupervised setting.

---

## **Exam Eligibility Requirements**

Any candidates starting the NBPME's APMLE examinations after January 1, 2010, must take and pass the exams in sequential order. The Part I examination **must** be taken and passed before the Part II examinations may be taken. Likewise, the Part II examinations **must** be taken and passed before the Part III examination may be taken.

This examination sequence policy does not apply to or affect candidates who have taken any NPME exam (whether Part, Part II or Part III) prior to January 1, 2010. If you did take any exam prior to January 1, 2010, you must still pass Parts I and II before applying for Part III.

Beginning with the Class of 2015, excluding the Class of 2016, and continuing with the class of 2017, there are two components to the Part II examination: the Part II written and the Part II CSPE. Candidates **must** pass the Part II written examination and the Part II CSPE before the Part III examination can be taken. Additionally, candidates must meet certain eligibility requirements prior to taking each examination.

To be initially eligible to take the **Part I examination**, a candidate must be confirmed as a currently enrolled, second-year student by the dean of an accredited podiatric medical school as listed with the Council on Podiatric Medical Education of the American Podiatric Medical Association.

To be initially eligible to take the **Part II written examination**, a candidate must have passed the Part I examination **and** be confirmed as a currently enrolled, second-semester fourth-year student by the dean of an accredited podiatric medical school as listed with the Council on Podiatric Medical Education of the American Podiatric Medical Association.

To be initially eligible to take the **Part II CSPE**, a candidate must have passed the Part I examination **and** be confirmed as a currently enrolled as a fourth-year student by the dean of an accredited podiatric medical school as listed with the Council on Podiatric Medical Education of the American Podiatric Medical Association. Candidates who completed their fourth year prior to 2015 are not eligible to take the Part II CSPE.

To be initially eligible to take the **Part III examination**, a candidate must have passed the Part I and Part II examinations, including, where applicable, both Part II written examination and the Part II CSPE. A candidate must also receive authorization from the state board participating in the Part III program that will issue the license the candidate is seeking.

For all exams, once a candidate has been deemed eligible to take a particular APMLE exam, the candidate will remain eligible to take the exam.

## Scheduling and Registration Process

Before you may test, you must:

- 1 Register and pay for your exam by the registration deadline.
- 2 Receive your Authorization to Test (ATT) email notification.
- 3 Log back in to your new online account and schedule your appointment to take the exam.

### Registration Information

Please visit <https://www.prometric.com/NBPME> to access the online registration form. You will need to create an online account prior to completing and submitting your registration.

**Note** If Prometric receives your registration form and fee after the deadline date, you may not be able to take the exam until the next exam administration.

### Exam dates

The upcoming exam dates are:

PART II Examination Dates	Online Registration Available	Registration Deadlines	Scheduling Begins
Wednesday, January 3, 2018	Wednesday, October 25, 2017	Friday, December 22, 2017	Upon approval
Wednesday, February 14, 2018	Friday, January 26, 2018	Friday, February 9, 2018	Upon approval
Wednesday, May 2, 2018	Thursday, March 8, 2018	Wednesday, April 26, 2018	Upon approval

### NBPME fees for Part II exams

The exam fee is **\$925** for each exam. Payment may be made by MasterCard, Visa or American Express at time of scheduling. Personal checks and cash are not accepted.

### Americans with Disabilities Act (ADA)

If you require testing accommodations under the Americans with Disabilities Act (ADA), please call Prometric at **800.967.1139** to obtain an accommodation request form. Reasonable testing accommodations are provided to allow candidates with documented disabilities recognized under the ADA an opportunity to demonstrate their skills and knowledge.

Candidates should submit professional documentation of the disability with their application form to help us determine the necessary testing arrangements. Thirty days' advance notice is required for all testing arrangements. There is no additional charge for these accommodations.

## Registration Process

An online registration process was introduced in 2014. This online process will allow you to create a user profile, electronically submit your application for approval, and upon approval schedule your exam online. You will have access to an online service tool called "My Dashboard," which will help you to manage your applications and testing appointments, and allow you to view history of your Prometric testing events and scores. This process will eliminate paper application processing, expedite the registration process, and increase security of your personal information and credit card data. It will align with how you electronically manage your educational career. The details of this online process and creation of your personal dashboard will follow throughout this document.

To register an examination online, follow these steps:

- 1 Please visit <https://www.prometric.com/NBPME> access your online account.

**Note** If you are accessing the online system for the first time, click **Create a new Account** to set up your user ID and password. **Please note that your user ID will be your email address.**

If you previously registered using the online process, please log in using your **original** user name and password. You will not need to create a new account.

- 2 Complete your registration by clicking on Apply next to the exam name and clicking Submit when you have entered all required information into the application form.
- 3 Your school will be notified once your registration is received. Once your Dean/Registrar has approved your registration, Prometric will send you an Authorization to Test (ATT) email notification. You must log back in to your dashboard to schedule your exam.

Please see page 18 for instructions on creating an online account and submitting your application.

## Scheduling Exam Appointments

Follow these steps to schedule an appointment:

- 1 Log into your Prometric account by going to <https://www.prometric.com/NBPME> and then selecting "Access My Account" to schedule and pay for your exam.
- 2 If you must contact Prometric, call **877.302.8952**, or write to [NBPMEinquiry@prometric.com](mailto:NBPMEinquiry@prometric.com), to have your questions addressed.
- 3 For scheduling purposes, expect your appointment to last up to five hours. **Four hours is allotted for exam completion** and up to one hour is designated for check-in, breaks (unscheduled), and an end-of-exam questionnaire. Most candidates begin the exam within 30 minutes of their appointment time.
- 5 Make a note of when and where you have been scheduled for the exam. An email appointment confirmation will be sent to the email address is provided. If needed, you should ask for directions to the test center.

**Note** Since seating at each exam site is limited; be sure to **schedule your exam appointment as soon as you receive your ATT email notification** to ensure you get the location of your choice. If you wait to schedule and all seats have been filled, you will not be able to take the exam until the next scheduled exam date [Confirmation email](#)

Upon completion of the scheduling process, a confirmation email is sent containing your test authorization number, identification number, and the date time and location of the exam. If any information on the confirmation notice is incorrect, if you have not received your confirmation notice before your exam date, or if you lose your confirmation email, you can log back in to your dashboard and request a duplicate confirmation.

### Test center locations

Test centers within a 50-mile radius of the nine schools of podiatric medicine have a reserved number of seats on each Part II exam date. This includes exam sites in or near Chicago, Cleveland, Des Moines, Los Angeles, Miami, New York, Philadelphia, Phoenix, and San Francisco. Testing is available at any one of our Prometric test center locations.

You can go online to check for test locations and schedule your exam by going to [www.prometric.com/NBPME](http://www.prometric.com/NBPME).

## Refund / Rescheduling Policies

All requests for refunds must be made in writing to Prometric. You must also notify Prometric in writing of your cancellation intention by faxing your request to 800.813.6670, by emailing to [NBPMEinquiry@prometric.com](mailto:NBPMEinquiry@prometric.com), or by mailing to the address on Page 2.

### More than 28 days prior to your scheduled the exam date:

- You may request a refund (exam fee minus \$100 service charge).
- You may reschedule to another testing center for the same exam date.

### 11 to 28 days prior to your scheduled exam date:

- If you cancel, you will not receive a refund.
- You may reschedule your exam one time for a \$100 fee.
  - To reschedule, you must submit a new application during the new application period.
  - Call the Prometric registration center and pay the transfer \$100 fee.
  - The exam must be rescheduled within the next two exam administrations by calling the Prometric registration center. Do not reschedule online or you will be charged the full \$925 fee.
  - If you do not reapply within the two subsequent exam administrations, you will forfeit your fee.

### 10 days or less prior to your scheduled exam date:

- You will forfeit your exam registration fee if you:
  - Change or cancel a test 10 days or less before the scheduled exam.
  - Fail to appear for your scheduled exam.
  - Appear without proper identification and are refused entry.
  - Show up more than 30 minutes after the scheduled exam start time and are refused admission to the exam.

---

### **Medical Emergencies**

If you need to reschedule an exam appointment because of a **medical emergency**, you must email a written request and provide official documentation, such as a doctor's letter, to [nbpmeinquiry@prometric.com](mailto:nbpmeinquiry@prometric.com). Such a request must be made within the two-week period following the scheduled exam date. No refund of exam fees is guaranteed.

---

## **Preparing for your Exam**

---

Being well prepared can help you pass your test and possibly save you money and time spent retaking it. This section offers:

An overview of the exam.

Information on how to take a practice test.

An explanation and examples of the types of questions used on the exam.

---

### **Exam Overview**

The Part II exams are each comprised of 205 questions. You can use the **content outlines** in this Bulletin (beginning on Page 16) to prepare for your exams. The exams are based on these content outlines.

Beginning in January 2018, once you move from one question to the next, you **will be permitted to return to a previous question and mark questions for review. A review screen will be presented at the end of the exam.**

You should look for the response that best answers the question and not be misled by other choices that might be only partially true. Answer every question. The answers you record determine your final score. Even if you are unsure of an answer, it may be better to guess. You will not receive credit for any unanswered questions.

No candidate is expected to obtain a perfect score. However, in the opinion of the examination committees of the NBPME, every candidate should have some degree of familiarity with the subject matter of each question.

---

### **Practice Tests**

After reading this bulletin, you may want to take an online practice test.

You can access the Part II Practice Tests at <https://tcnet.prometric.com/nbpme>.

How well you do on a practice test does not predict your results on your actual test. However, if your practice test scores are low, you may want to complete additional study before taking the actual exams. Many study materials are available through libraries, schools, and bookstores. Consult your school for textbook references.

Because of the number, the diversity of approach and the currency of publications, neither **Prometric nor the NBPME lists or recommends study materials.**

---

## **Question Formats**

All questions are in four-option multiple choice format.

### **Using the highlight and strike-out feature**

To highlight specific text, select the desired text by positioning the mouse pointer directly before the first letter you want to highlight press the left-mouse down. While holding the left-mouse button down, slide or drag the mouse until all desired text is selected, and then release the mouse button. Once you have selected the desired text, click on button that appears on the top right.

To strike-out specific answer options, select the desired text by clicking on the option with the left-mouse button.

To remove highlighting or the strike-out, click on the exact text from which you want to remove the highlight or strike-out.

It is important to remember that marking with the highlight feature or the strike-out feature does **NOT** select an answer. Only the filled in circle indicates a selected answer.

---

## **Taking your Exam**

Knowing what to expect when taking your exam may help you prepare for it. This section contains:

A list of what to bring to the exam.

Regulations that will be enforced at the test center.

An explanation of the computer testing process.

---

## **What to Bring to the Test Center**

You should arrive at least **30 minutes before** your scheduled exam appointment. This allows time for you to sign in and for staff to verify your identification.

**Identification required. You must present a valid, non- expired form of identification before you may test.** That identification document **must:**

Be government-issued (e.g., driver's license, state-issued identification card, passport, or military identification card).

Contain **both** a current photo and your signature (if it does not, you must present two identification cards: one with your photo and one with your signature); and

Have a name that exactly matches the name used on the NBPME registration and that matches the ATT (including designations such as "Jr." and "III").

If you cannot provide the identification listed above, contact Prometric **before** scheduling your appointment to arrange an alternative way to meet this requirement.

**Important** Failure to provide appropriate identification at the time of the exam is considered a missed appointment. If you miss your appointment or arrive late, you will forfeit your exam fees and be required to register again and pay another examination fee.

If the test center administrator questions your photo identification, a second form of signature-bearing ID will be required. Acceptable second forms of ID include: valid military identification card, citizenship card, or a current driver's license (does not have to have a photo). All forms of identification must have been signed before you arrive at the test center.

## ***Test Center Regulations***

To ensure that all candidates are tested under equally favorable conditions, the following regulations and procedures will be observed at each test center. Failure to follow any of these security procedures may result in the disqualification of your exam. Prometric reserves the right to audiotape and videotape any examination session.

**Biometric-enabled check-in.** For security reasons, biometric-enabled check-in is used at all Prometric test centers. When you arrive at the test center, you will be required to sign a signature log and have your fingerprints scanned. The date and time you enter and exit the exam room will be recorded and the signature log will be verified against the signature on your identification documents and your digital fingerprint. The fingerprint template is permanently erased within 48 hours after your exam is completed. If you leave the examination room while an examination is in progress, you must sign out/in on the log and will lose exam time.

**References.** No reference materials, dictionaries, books, papers or study materials are allowed at the test center. If you are found with these or any other aids, you will not be allowed to continue the exam and your answers will not be scored.

**Electronic equipment.** Cell phones, PDAs, pagers, cameras, and tape recorders are not permitted in the testing room and must be powered off while stored in a locker. You will not be permitted to use any electronic devices or phones during breaks.

**Personal items.** Watches, outerwear that is not being worn while testing (sweater, jacket, etc.), brief cases, purses, etc., are not allowed in the test center. Pocket items (wallet, keys, etc.) must be placed in a locker. Disposable ear plugs will be available from the test center administrator, if needed.

During the check-in process, we inspect any and all eyeglasses, jewelry and other accessories to look for camera devices that could be used to capture exam content.

You will be required to remove your eyeglasses for close visual inspection. These inspections will take a few seconds and will be done at check-in and again upon return from breaks before you enter the testing room to ensure you do not violate any security protocol.

Jewelry outside of wedding and engagement rings is prohibited. Please do not wear other jewelry to the test center. Hair accessories, ties and bowties are subject to inspection. Please refrain from using ornate clips, combs, barrettes, headbands, tie clips, cuff links and other accessories as you may be prohibited from wearing them in to the testing room and asked to store them in your locker. Violation of security protocol may result in the confiscation of prohibited devices and termination of your exam.

You will be required to store all personal belongings (except for identification documents) in storage lockers. While the lockers are secure, they are small. Do not bring unnecessary items to the test center. The test center assumes no responsibility for candidates' personal belongings.

**Food and Beverages.** You may not eat, drink, or use tobacco during the test administration.

**Guests/Visitors.** No guests, visitors or family members are allowed at the test center. Persons not scheduled to take a test are not permitted in the test center.

**Misconduct or disruptive behavior.** Candidates who engage in any kind of misconduct or disruptive or offensive behavior, such as giving or receiving help, taking part in an act of impersonation, removing test materials or notes from the testing room, rude or offensive language, or behavior that delays or interrupts testing, may be dismissed from the examination. Exhibiting abusive behavior toward any test center staff member may result in criminal prosecution.

**Weapons.** No weapons of any kind are allowed at the test center.

**If questions arise.** If at any time during the test you believe you have a problem with your computer or need the administrator for any reason, you should raise your hand. Test center administrators are not allowed to answer any questions pertaining to the test content. If you do not understand a question on the test, you should answer the question to the best of your ability.

## **The Computer Testing Process**

You will take your exam using a computer at a Prometric test center. Before you start the exam, you will receive a personalized introduction to the testing system and you can go through an introductory tutorial on the computer. The tutorial is not included as part of the testing time. You may review this tutorial online before you take your exam at [www.apmle.com](http://www.apmle.com).

The test center administrator will provide you with a packet of scratch paper that may be replaced as needed during testing. You may not bring your own scratch paper or pencil to the exam. The test center administrator will collect all scratch paper (used and unused) upon completion of the exam. Removing scratch paper from the test center is considered an act of misconduct.

At the beginning of the exam, you will be asked to read and signify assent to the terms and conditions of the Confidentiality and Conduct Agreement, which states:

### **CONFIDENTIALITY AND CONDUCT AGREEMENT**

The contents of this test are copyrighted, proprietary, and confidential. Any efforts to disclose or reproduce any portion of the test, its content, or items therein in any part to any individual or entity for any purpose whatsoever is prohibited. Such activity may be responded to by test score invalidation for an individual or group as well as civil and or criminal prosecution.

I can be disqualified from taking or continuing to sit for an examination, or from receiving examination results, or my scores might be canceled if there is reason to believe through proctor observations, statistical analysis, or any other evidence that my score may not be valid or that I was engaged in collaborative, disruptive, or other unacceptable behavior during the administration of this examination.

You will have up to five hours for your APMLE appointment. **Four hours are allotted for exam completion** and up to one hour is designated for check-in, breaks (unscheduled), and an end-of-exam questionnaire. The time remaining for your exam (beginning at 4:00 hours) is displayed in the upper right-hand corner of

the computer screen. There are no scheduled breaks. You must remain in your seat during the exam except when authorized to leave by a test center staff member.

The timer will continue to run and will not be turned off for unscheduled breaks. If there is a power outage, the time will stop counting down. When power is restored, the exam will resume at the point where it left off.

**Important** It is to your advantage to answer each question before you move to the next question since your score will be based on the number of questions answered correctly. You will be permitted to review your answers at the completion of the exam.

Once the exam is finished, you will be asked to complete a brief, computer-delivered questionnaire about your testing experience. If you have additional comments, you are encouraged to ask the test center administrator for a Comment Form.

## Exam Results

### Score Interpretation

Scores on the APMLE are determined by converting the number of questions answered correctly out of the number of questions administered to a scale that ranges from approximately 55 to beyond 75. The scale passing score has been set by the NBPME at 75, which corresponds to a level of achievement judged by the Board to represent minimum competency to practice podiatric medicine.

Passing candidates will receive a score report with a "Pass" indicated. Failing candidates will receive a report with a failing scale score (between 55 and 74).

**Exam reviews are not permitted.**

Failing candidates will also receive diagnostic indicators for the five clinical science areas included in the Part II exam. The diagnostic indicators are intended to help identify areas of strength and weakness for further study; they are not to be used for pass/fail determination or any other use that would lead to unreliable decisions. Candidates who fail the exam must retake it in its entirety.

There is no limit imposed by NBPME to the number of times you may take the exam, as long as you meet eligibility requirements, however, some states do place a limit on the number of times a candidate may be examined and still receive a license. You should consult individual state boards for more information about possible state-specific requirements and limitations.

The total score scale makes it possible to compare candidates' scores on a specific exam to scores on other forms of the same exam given the standard adopted by the NBPME. Candidates' scores are converted to scaled scores in such a way that a particular score corresponds to the same level of achievement regardless of the form of the exam actually taken. In other words, a score of 75 on a specific exam has the same meaning as a score of 75 on any form of the exam. This means a candidate will not be penalized if the form of the exam taken is harder than the one given to another candidate.

## Score reliability

Reliability refers to the consistency of exam scores, the consistency with which candidates are classified as either passing or failing, and the degree to which exam scores are free from errors of measurement. Errors of measurement may result from factors related to the exam, such as specific questions asked and an examinee's preparedness, or from factors not related to the exam, such as fatigue, personal interests, or the attentiveness of an examinee on the day of the test. A person's score will not be perfectly consistent from one occasion to the next.

## Determination of passing scores

The criterion-referenced method approved by the NBPME to determine passing scores for the standard setting forms of Part II exams was noted by William H. Angoff in 1971. The Angoff method is based on the idea that, since qualified persons should pass the exam while unqualified persons should fail, the candidate who scores exactly at the pass/fail point should be one whose level of knowledge is at the borderline between qualified and unqualified.

This distinction between qualified and unqualified candidates is provided by convening a panel of judges, who represent a cross section of podiatric practice in the United States, to participate in a systematic cut-score study. The judges consider each question as a whole and make a judgment of the probability that a borderline candidate would answer the question correctly.

After the passing scores for the standard setting forms are determined, the cut scores for the forms in the subsequent administrations are obtained through the score equating process. Equating yields scores that can be used interchangeably even though the items on the forms are different. These equated scores are then converted to scale scores. Please refer to "Score interpretation" for further information.

---

## Reporting Exam Results

You will receive your exam results approximately **three weeks** following the exam administration. **Exam results are released to you by Prometric.** Any inquiries regarding exam results should be directed to Prometric at **877.302.8952**. Due to confidentiality and privacy issues, exam results will not be released over the phone, by fax, or by any other electronic transmission.

When you sign the AMPLE Part II examination application form, you agree to have your:

Passing Score, communicated as **"PASS"** and reported to the school in which you are enrolled or have graduated from and CASPR.

Failing Score, communicated as **"FAIL"** and reported to CASPR.

Failing Score, communicated as **"FAIL"** with diagnostic indicators of areas of Marginal and/or Deficient performance, and reported to the School in which you are enrolled or have graduated from.

## Voiding exam results

If you do not want your examination scores released to you and communicated as denoted above, you must send a written request to [nbpmeinquiry@prometric.com](mailto:nbpmeinquiry@prometric.com) within **24 hours** of taking the exam. **If processed, this action is irrevocable.**

The request not to have scores reported must include: 1) your name; 2) the name of the school where you are enrolled or have graduated from; and 3) the name of the examination for which you do not want your scores reported.

No refund of any fees will be made on exams that are voided at a candidate’s request. A new registration form and fee must be submitted in order for a candidate to retake the exam.

**Score report requests**

Within 10 days of receipt of a written request, Prometric will send a copy of your Part II exam results, bearing the seal of the NBPME, to any state licensing board or federal agency. You may obtain a score report request form online at [www.apmle.com](http://www.apmle.com). Requests cannot be made by phone.

While the NBPME makes the data and information available to states, it does not attempt to analyze or interpret results. Each state board determines whether and how to accept and use APMLE exam result information according to state statutes/regulations. Candidates are advised to contact individual state boards to determine how that particular state uses the APMLE scores.

The following chart lists the states that recognize the NBPME’s APMLE exams as part of the licensing process governing the practice of podiatric medicine.

Licensing Boards			
Alabama	Idaho	Missouri	Pennsylvania
Alaska	Illinois	Montana	Rhode Island
Arizona	Indiana	Nebraska	South Carolina
Arkansas	Iowa	Nevada	South Dakota
California	Kansas	New Hampshire	Tennessee
Colorado	Kentucky	New Jersey	Texas
Connecticut	Louisiana	New Mexico	Utah
Delaware	Maine	New York	Vermont
District of Columbia	Maryland	North Carolina	Virginia
Florida	Massachusetts	North Dakota	Washington
Georgia	Michigan	Ohio	West Virginia
Hawaii	Minnesota	Oklahoma	Wisconsin
	Mississippi	Oregon	Wyoming
Canadian Provinces			
Alberta	British Columbia	Ontario	
Federal Agencies			
United States Army		United States Navy	

**Comments,  
Questions,  
Concerns**

Prometric provides an opportunity for general comments about the test center experience at the end of the exam. Prometric personnel will review candidate comments, but candidates will not receive a direct response.

If you are requesting a direct response about exam content, registration, scheduling or test administration (test site procedures, equipment, personnel, etc.), please submit your concern in writing **within two business days** following the exam administration. Send your comments to:

**Prometric**  
 ATTN: APMLE Comment Assessment Committee  
 7941 Corporate Drive  
 Nottingham, MD 21236  
[nbpmeinquiry@prometric.com](mailto:nbpmeinquiry@prometric.com)

Prometric and the NBPME will investigate each concern and reply to comments within a reasonable length of time.

## *Exam Integrity*

---

### ***Copyright***

All proprietary rights in the exams, including copyright and trade secrets, are jointly held by the NBPME and Prometric. Federal law provides severe civil and criminal penalties for the unauthorized reproduction, distribution, or exhibition of copyrighted materials.

### ***Score Validity***

The NBPME shall either retain or reserve the sole right to determine whether an exam is valid or invalid. The acceptance of a candidate's application to take the exam or the scoring thereof or the release of said exam results to any party shall not act in any way to amend the right of the NBPME to determine whether such exams or the scores achieved thereon are valid or invalid in whole or in part.

A determination that an exam and the scores achieved thereon are invalid may be made at any time by the NBPME. The NBPME also reserves the right to cancel any scores that may already have been reported when subsequent information raises doubt of their validity.

Misconduct that affects score validity extends beyond behavior at the test center. Schools, state licensing agencies, and medical staff offices at hospitals and residency programs all rely on the integrity of score reports provided by NBPME. Any attempt to alter, misrepresent, or falsify an official score report will be considered a serious breach of examination integrity and misconduct that is subject to sanction by NBPME.

Occasionally testing irregularities occur that affect a group of test takers. Such problems include, without limitation, administrative errors, defective equipment or materials, improper access to test content and/or the unauthorized general availability of test content, as well as other disruptions of test administrations (e.g., natural disasters, and other emergencies). When group-testing irregularities occur, Prometric will conduct an investigation to provide information to the NBPME. Based on this information, the NBPME may direct Prometric to either not score the exam or invalidate the exam scores.

When it is appropriate to do so, the NBPME will arrange with Prometric to give affected test takers the opportunity to take the exam again as soon as possible, without charge. Affected test takers will be notified of the reasons for the invalidation and their options for retaking the exam.

### **Invalidation of results**

The NBPME has the right to question any test score when the validity is in doubt because the score may have been obtained unfairly. Prometric, acting on behalf of the NBPME, will undertake a confidential review of the circumstances giving rise to the questions about score validity. If there is sufficient cause to question the score, Prometric will refer the matter to the NBPME, which will make the final decision on whether or not the score is to be withheld or invalidated. In the event the NBPME

determines that a candidate's individual test results will be withheld or invalidated, or that a group of results will be withheld or invalidated, the NBPME will notify the candidate or group.

### **Limitation of liability**

In no case shall the NBPME or Prometric be liable to any test taker or group of test takers, either in contract or tort, when, acting in good faith, either cancels, invalidates, withholds or changes a test score or result, as provided in the Bulletin. When appropriate, NBPME and/or Prometric, at their discretion, shall provide affected test takers with an opportunity to retake an exam or shall provide a refund of the registration fee paid.

---

### ***Request for NBPME Hearing***

A candidate who has been sanctioned by NBPME for misconduct or whose score has been invalidated for cause, may appeal and request a hearing. The request must be written, should include the reason the candidate wishes to speak to the NBPME, and must be submitted to NBPME [or Prometric] within ten days of the date on which the candidate receives notice that his or her score has been invalidated. The NBPME has sole discretion whether to grant a hearing and will consider the candidate's basis for appeal in making a decision.

If a hearing is granted, an overview of the hearing procedures is described below.

- 1** The time, date, and place of the hearing will be set by the NBPME.
- 2** The hearing will be conducted by three members of the NBPME.
- 3** At the hearing, the candidate may represent such evidence as he or she deems proper and necessary. The candidate may be accompanied by an attorney and witnesses of choice.
- 4** The NBPME may request the appearance of any witnesses at the hearing as it deems necessary.
- 5** At the end of the hearing, the three NBPME committee members will evaluate the information presented and reach a conclusion, at its sole discretion, and may decide:
  - a.** The candidate may retake the exam at a future date.
  - b.** The candidate will not be permitted to retake the exam at any time. (In this case, the candidate may request reconsideration and reinstatement by the NBPME after one year.)
  - c.** The test results represent a reasonable assessment of the candidate's knowledge in the areas sampled, and the candidate's scores may be released.
  - d.** Some other action should be taken.
- 6** The candidate will be advised in writing by the NBPME of its decision at least 10 business days prior to the next deadline to file a registration for retesting.
- 7** The NBPME reserves the right to notify a candidate's podiatric medical school of any of the actions or decisions described above.

## Exam Content Outlines

The following content outlines are the basis of the Part II APMLE exam. Each exam will contain questions about the subjects in its outline. The percentage of the exam devoted to each content area is noted.

**Each test contains scored items that exactly match the test specification. In addition, each test contains other pre-test or equator items that are vital to the program but do not count in scoring. Pretest items are placed in the exam to collect data used to determine the item's suitability for inclusion in the test bank. These additional items do not necessarily follow the specifications and may affect a candidate's perception of how many items on a given topic are encountered.**

### Part II Exam Content Outlines

205 questions

#### I. Medicine – 25%

- A. Infectious diseases
  1. Bacterial
  2. Viral
  3. Fungal
  4. Parasitic
- B. Neurology
  1. Peripheral neuropathies
  2. Central nervous system disorders
- C. Cardiovascular medicine
  1. Peripheral artery disease
  2. Congestive heart failure
  3. Murmurs
  4. Myocardial infraction
  5. Coronary artery disease
  6. Lymphedema
- D. Rheumatology
  1. Myopathies
  2. Arthritides (infectious, rheumatoid, osteoarthritis, collagen diseases, seronegative diseases, and gout)
- E. Endocrinology
  1. Diabetes mellitus
  2. Cushing disease
  3. Addison disease
  4. Hypothyroid and hyperthyroid disease
  5. Osteoporosis
- F. Hematology (leukemia and anemias)
- G. Immunology (allergic and sensitivity reactions and immunosuppressive states)
- H. Pulmonology (asthma, COPD, and emphysema)
- I. Behavioral medicine (depression, chemical dependency, abuse, anger disorders, and noncompliant patients)
- J. Emergency medicine (medical/surgical)
- K. Dermatology
  1. Infections
  3. Dermatoses
  4. Local and systemic manifestations
  5. Tumors

#### II. Medical Imaging – 20%

- A. Radiation protection and safety
  1. Radiation physics, biological effects of radiation, operator and patient protection
  2. Radiographic technique and development
- B. Positioning
- C. Normal radiographic anatomy, anatomical variations, developmental landmarks, and biomechanical interpretation
- D. Radiographic pathology
  1. Congenital conditions
  2. Infectious disease
  3. Arthritic disease
  4. Trauma
  5. Metabolic disease
  6. Neoplastic disease
  7. Avascular necrosis
  8. Biomechanical interpretation
- E. Special imaging modalities (CT scan, MRI, MRA, contrast studies, ultrasonography, and nuclear imaging)

#### III. Orthopedics, Biomechanics, and Sports Medicine – 20%

- A. Function and structure
  1. Osseous system
  2. Muscular system
  3. Neurologic system
- B. Trauma
  1. Sprains, strains, and soft tissue injuries
  2. Fractures and dislocations
  3. Overuse syndrome
  4. Compartment syndrome
- C. Physical medicine and rehabilitation
- D. Pediatric orthopedics (congenital and developmental)
- E. Biomechanics and pathomechanics
- F. Kinesiology, kinematics, kinetics, and gait analysis
- G. Functional devices (footgear, orthoses, bracing/immobilization, and prosthetics)

## EXAM CONTENT OUTLINES

### IV. Anesthesia and Surgery – 28%

- A. General anesthesia (types of anesthetics [including pharmacological and clinical properties, indications, contraindications, and complications] and preoperative assessment)
- B. Regional and local anesthesia
  - 1. Spinal anesthesia (including pharmacological and clinical properties – indications, contraindications, and complications)
  - 2. Regional and local anesthesia (including pharmacological and clinical properties – indications, contraindications, and complications)
  - 3. Techniques of regional and local anesthesia
- C. Intravenous sedation (including pharmacological and clinical properties – indications, contraindications, complications, and techniques)
- D. Surgical principles
  - 1. Wound healing
  - 2. Wound management
  - 3. Perioperative emergencies
  - 4. Surgical hemostasis
  - 5. Surgical anatomy
  - 6. Biomaterials
  - 7. Fixation
- E. Podiatric surgery (indications and procedures)
  - 1. Foot
  - 2. Ankle
  - 3. Lower leg
- F. Perioperative management
  - 1. Complications
  - 2. Trauma
  - 3. Infections
  - 4. Systematic disease
- G. Hospital and operating room protocol
  - 1. Wound dressing, bandaging, and casting
  - 2. Sterile technique
  - 3. Preparation of the patient
  - 4. Surgical instruments and materials
  - 5. Positioning
- H. Pain management

### V. Community Health, Jurisprudence, and Research – 7%

- A. Medical literature analysis (research design, basic biostatistics, epidemiology, and principles of evidence-based medicine)
- B. Diversity (cultural, age, gender, economic, religious)
- C. Disease prevention and control
  - 1. Acute and chronic diseases
  - 2. Universal precautions
  - 3. OSHA regulations
- D. Health care management
  - 1. Delivery systems
  - 2. Standards and quality assurance
  - 3. HIPAA
  - 4. Prevention of medical errors
  - 5. Quality improvement
- E. Jurisprudence and ethics
  - 1. Doctor-patient relationship
  - 2. Medical-legal issues (assault, negligence, and malpractice)
  - 3. Licensure and scope of practice
  - 4. Controlled substances
  - 5. Statutes of limitations
  - 6. Informed consent
  - 7. Medical records
  - 8. Mandatory reporting

# *Create your Online Account, etc.*

Below are steps that outline how to create your online account, apply for and schedule your APMLE Part II examination.

## **Important:**

- Please use a valid email address when creating your account.
- Payment may be made only by credit card at time of scheduling.

## **Step 1: Create your online account**

- A. Create your online account (first-time users)
- Visit <https://www.prometric.com/NBPME> and then select “Access My Account.”
  - From the Login Page, click on Create Account.
  - Complete all required information:
    - o Username – This is your email address
    - o Password
    - o Acknowledge that you have read and agree to the Prometric Data Privacy Policy
    - o Click on “Create Account”
  - You will receive an Account Activation email.
    - o You must click on the link in the email within 24 hours. After 24 hours you must recreate your account.
    - o This will validate your email address.
  - Log into your Prometric account and complete required profile information.
- B. Log in to your account (existing users)
- Visit <https://www.prometric.com/NBPME> and then select “Access My Account.”
  - From the Login Page, enter your existing username (email address) and password.

## **Step 2: Apply for your exam**

- C. Log into your Prometric account to view your Dashboard. Click on “Apply” next to the exam name under “Applications.”
- D. Complete your application and click on “Submit.”
- E. Your application will be submitted for approval.
- F. When approved, you will receive your ATT email notification – you can now schedule your exam.

## **Step 3: Schedule your exam**

- G. Log into your Prometric account and click on “Schedule Now” next to the exam name under “Ready to schedule.”
- H. Select Test Center, Date & Time, and pay for your exam – This completes the scheduling process.
- I. You will receive an Appointment Confirmation email.
- J. You can log into your Prometric account to view your scheduled exam details under “Scheduled.”

## Request for NBPME APMLE Scores

Please print clearly, neatly, and completely.

### Candidate Information

Last Name (at time you took the exam)	First Name	Middle Initial
Date exam was taken	Year of Graduation	
Email Address	Home Phone Number (including area code) (        )	
Check scores to be sent: <input type="checkbox"/> Part I <input type="checkbox"/> Part II	Social Security Number (optional)	

**Your Address Information.** Please print your full name and address below.  
This information will be used as the return address when your scores are sent.

Current Name	
Address	
City/State/Zip	

### Recipient's Address Information.

Please print the exact name, office, and address to which scores are to be sent.

Name	
Address	
City/State/Zip	

Current Signature: \_\_\_\_\_ Date: \_\_\_\_\_  
(Your signature provides authorization for NBPME and Prometric to release your records as you indicated above.)

### Payment Information

The score report request fee is **\$35**. This fee covers the transmittal of Part I scores and must accompany each request. If paying by **certified check, cashier's check, or money order**: Mail this completed form and payment to: PROMETRIC/NBPME, 7941 Corporate Drive, Nottingham, MD 21236. If paying by **credit card**: Please complete the information on the next page and FAX to 800.813.6670.

# Credit Card Payment Form

Print or type clearly and neatly. Incomplete or illegible forms will not be processed.

Card Type (Check One)

MasterCard     Visa     American Express

Card Number	Expiration Date
Amount  \$ ____ ____ ____ . ____ ____	
Name of Cardholder (Print)	
Signature of Cardholder
